- **STO. NIÑO SMART CHILD LEARNING CENTER**  
2007-2013

## PROJECTS

### **DLSUD - SAMS**

<https://github.com/R-esentful/dlsud-sams-react>

- A Capstone / Thesis Project based on the use of computer vision applied to a web application.
- Built using AWS RDS, AWS S3, Flask, ReactJS.

### **YELPCAMP**

<https://github.com/R-esentful/YelpCamp-ts>

- A code along project with Colt Steele web development bootcamp udemy course.
- Rebuilt using Typescript for both frontend and backend instead of using vanilla JS.
- Utilize AWS S3 for file storage.
